The decorations include a 150-centimetre IP44 start cable; the location of the cable is shown in the Figure.

**A.**

**B.**

**C.**

If you require a longer start cable for the set of decorations or need to change the location of the cable, please let us know when placing your order.

The hanging decorations are equipped with karabiners (Figure B) or a 150-centimetre fastening rope (Figure C). If you cannot hang the decorations high enough using the existing fastenings, use additional ropes (art. 54041.03; 58043.03).

Other fastening accessories are not included with the product; please order all other accessories separately.

Once the decorations are attached to the rope, fix them with a rope stop (art. 58019.50) to prevent them sliding sideways.

Koristeet on varustettu 150 cm pituisella IP44 start-johdolla, jonka sijainti näkyy kuvassa.

**A.**

**B.**

**C.**

Mikäli haluat koristeeseen pidemmän start-johdon tai muuttaa sen sijaintia, ilmoita siitä tilausta tehdessäsi.

Riippukoristeet on varustettu karabiinilla (kuva B) tai 150 cm kiinnitysvaijerilla (kuva C). Ellei olemassaolevan kiinnityksen avulla ole mahdollista ripustaa koristetta riittävään korkeuteen, käytä lisävaijereita (art. 54041.03; 58043.03).

Muut kiinnitystarvikkeet eivät kuulu toimitukseen, ne täytyy tilata erikseen.

Vaijeriin kiinnitetty koristeet täytyy sivusuuntaisen liikkeen välttämiseksi kiinnittää vaijerilukolla (art. 58019.50).

Декорация снабжена стартовым проводом длиной 150см IP44, расположение которого видно на рисунке.

**A.**

**B.**

**C.**

Если Вам нужен более длинный стартовый провод или изменить его расположение на декорации, пожалуйста, сообщите продавцу при размещении заказа.

Подвесные декорации снабжены карабином (рисунок B) или тросом крепления (рисунок C). Если имеющееся крепление не позволяет подвесить декорацию на необходимую высоту - используйте дополнительные тросы (art. 54041.03; 58043.03).

Другие крепежные изделия не включены в комплект, пожалуйста, закажите их отдельно.

Декорации, закрепленные на тросе, зафиксируйте тросовыми замками (art. 58019.50) для избежания продольного движения декорации по тросу.
