SPECIAL SELECTION

A VARIETY OF DESIGNS PICKED FOR YOU

ADAMLIGHTS

LIFE FULL OF LIGHT

OUR BRAND VALUES ARE INSPIRED BY NATURE

Our designers usually call themselves Light Therapists. Everybody knows that light is the essence of life on our planet. Also, it has been scientifically proven that light plays a huge role in the health and emotional balance of humans.

Light has been used as a psychological therapy and a booster of human immunity – that's why we take very seriously what we make out of light. It is not just wires and bulbs for us.

It is an art where we put our heart!

Life full of light

ILLUMINATING WITH PASSION SINCE 1999

With 24 years of experience, we specialize in enhancing public spaces and buildings with captivating lighting solutions. Our comprehensive services encompass design, production, installation, and maintenance.

As global pioneers in DMX controllable color-changing RGB technology for Christmas decorations, we offer pixel-level programming for light shows.

1999 THE STORY BEGINS

Adam Decolights, rebranded as Adamlights in 2020, specializes in producing professional lighting solutions.

We quickly became the market leaders in Estonia, and within a decade, we achieved the top spot in the Latvian and Lithuanian markets.

2008 ISO STANDARDS

The company obtained certification according to the ISO9001 quality standard.

In 2023, we were awarded the ISO14001 certificate.

2016 FIRST CHRISTMASWORLD

First time we participated in the Christmasworld 2016 exhibition in Frankfurt, Europe's largest Christmas-themed fair.

The newest product line was showcased on a 100 m² stand, which resulted in receiving orders from a new set of countries.

2018 NEW FACTORY

Established a new 4000 m² factory and storage facility, allowing us to install new production machinery and implement modern logistic solutions.

2019 ENTERING USA & CANADA

Entered the USA and Canadian markets by partnering with Downtown Decorations.

Our first orders came from Santa Monica, Tampa, and Atlanta.

2021-22 DUBAI EXPO

We were appointed as the national partner of the Republic of Estonia at Expo 2020 Dubai.

The success of this endeavour led to the creation of Adam Lights Gulf Trading LLC, catering to the demands of Gulf Countries.

EMBARK ON AN ADVENTURE OF LIGHT AND INNOVATION!

With a strong presence at trade fairs worldwide, we invite you to connect with us and experience our passion for exceptional lighting solutions.

CHRISTMASWORLD

Since 2016 you can find us at the leading international trade fair for seasonal and festive decorations, Christmasworld, in Frankfurt.

At our stand, you will experience the latest trends in lighting design, showcased through our innovative products and bespoke solutions. We pride ourselves on our ability to adapt to our client's unique needs and preferences, ensuring a seamless and personalized experience.

EXPO 2020 DUBAI

As a national partner, we collaborated with KOKO Architects to create the exterior facade and interior lighting for the Estonian Pavilion at EXPO 2020 Dubai. It included the central artistic element of the Estonian building – 400 spherical lights that were programmed to move, breathe, and flicker like bits and bytes, showcasing Estonia’s worldwide fame for digital innovation. We also created all the illuminated signs of the pavilion.

TRADE FAIRS

You can find us at Building Industry Exhibition “House” in Riga and several other regional trade fairs in Europe and the US (including the International Council of Shopping Centers in Las Vegas and the International Downtown Association in Chicago). Our team will be delighted to discuss how Adamlights can elevate your projects with our state-of-the-art lighting solutions.

CLASSIC

Single color and flashing product lines.

- Decolight Strings 230V & 30V
- Flashing Decolight Strings 230V & 30V
- Ropelight 230V, 110V & 30V

LED SPECIFICATIONS

STEP-BY-STEP GUIDE HOW TO CHOOSE THE RIGHT PRODUCT

STEP 1

Choose the lighting solution according to your location – outdoor or indoor. Outdoor lights can be used indoors as well.

STEP 2

Pay attention to electrical requirements and possibilities – can you use high or low voltage products. This choice mostly applies outdoors.

STEP 3

Choose the desired LED type to make maximum use of products' technical possibilities.

STEP 4

Consider the different length of products and choose the optimal for your location.

STEP 5

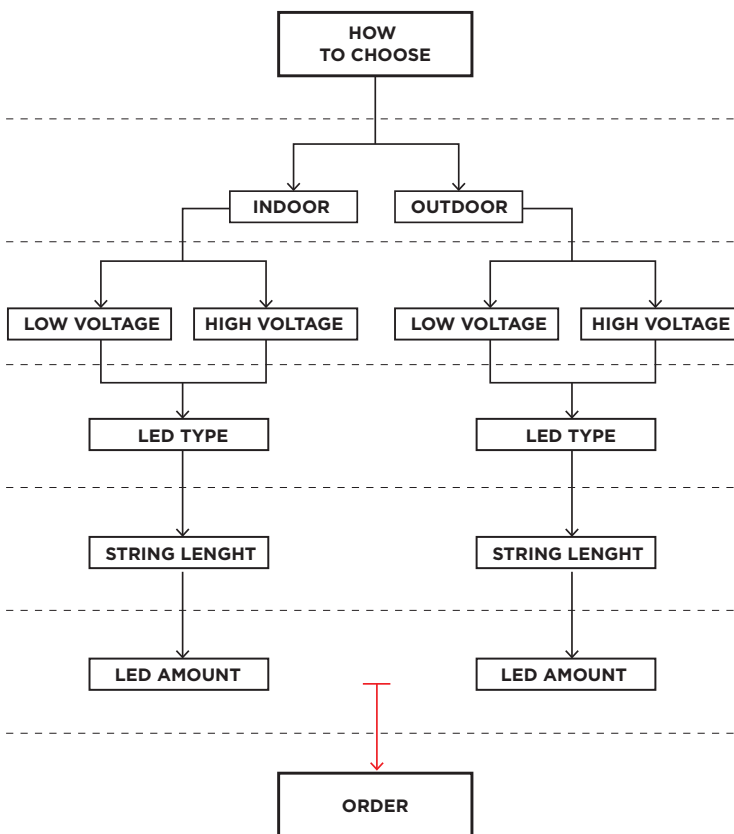

Take note of the number of LEDs and total wattage – this affects the brightness.

STEP 6

Take a look of the product specifications and try to give as accurate information as possible to our sales manager to find out the best solution for you.

EXPLANATION OF ICONS

- | | | | |
|----------------------------|--------------------------------|-------------------------|------------------|
| Dimensions | Max number of interconnections | Color of cable | Color of garland |
| Diameter | Number of strings | Color of ropelight | Color of glitter |
| Weight | Number and color of lamp | Plastic Christmas balls | IP level |
| Color of flash lamps | Length per segment | Pixel spacing | |
| Voltage and Wattage rating | Length of cable in roll | Number of pixels | |

ADAMLIGHTS RGB 230V

CHOOSE BETWEEN 7 COLORS
FROM THE REMOTE

Similarly to ADAMLIGHTS DYNAMIC WHITE, our RGB line creates a highly regarded RGB functionality while keeping the simplicity of a CLASSIC product line.

Choose between 7 colors from the remote. Add white or colorful flashing effects. Well, why not even full flashing effects. All from one remote.

ADVANTAGES

- 1 Very simple to use
- 2 Possibility to choose between 7 colors from the remote
- 3 Possibility to cycle between different flashing and color changing effects from the remote
- 4 Professional grade materials used
- 5 Waterproof
- 6 UV-proof
- 7 Endures physical stress (double insulated cables)
- 8 Long lasting LED chips
- 9 Connectible, possible to connect max 1500LED in one row

ADAMLIGHTS DYNAMIC WHITE 230V

DYNAMIC WHITE LED SOLUTION INTEGRATED WARM AND COLD WHITE, CONTROLLED BY A REMOTE

It is our pleasure to introduce a new LED Decolight to the product family: DYNAMIC WHITE LED DECOLIGHT. It is essentially a 230V rubber cable professional stringlight — the most essential material in many installations and products. What makes it special is the possibility to choose the color temperature of the string from a remote controller. Moreover, it is possible to have flashing effects and different color temperature changing effects.

ADVANTAGES

- 1 Very simple to use
- 2 Possibility to choose between warm or cold color temperature from the remote
- 3 Possibility to cycle between different flashing effects from the remote
- 4 Professional grade materials used
- 5 Waterproof
- 6 UV-proof
- 7 Endures physical stress (double insulated cables)
- 8 Long lasting LED chips
- 9 Connectible, possible to connect max 1500 LED in one row

Architectural Lighting LED Strip

Adam Decolight's product line has featured different ropelights for years. Now we are also offering possibilities to illuminate your indoor or outdoor project with LED Strips. LED Strip is basically a ropelight with powerful SMD LEDs, which makes it similar to products like wall-washers (brightness wise). The models with high number of LEDs give enough light to illuminate a room or a facade. We can produce and install LED Strips with various colors, light outputs and also voltages. 12V LED Strips have RGB versions with various ways of controlling the light-show. While 12V LED Strips are already known in the market, the 230V SMD LED Strip is relatively new. We have tested 230V products with good results. You can have a strip with a length of up to 50m, which is powered only from one starting cable.

ADAMLIGHTS SMARTLED 66V

EACH LED IS A PIXEL: VIDEO EFFECTS
ON YOUR INSTALLATION

Our SMARTLED Line is unique in World. It has been possible to show video effects on decorations for some years now but there has been a limitation, which we in Adamlights have overcome: Our SMARTLED Decolight strings are connectible and the longest lines from connection to the last LED, can be up to 60 m! Also, you can have up to 400 LEDs in one row.

ADVANTAGES

- 1 Possibility to program all colors and lighting shows - incl. video effects
- 2 Longest possible continuous lines of pixel light in the world
- 3 Up to 400 LEDs in one line and up to 800 000 LEDs in one project
- 4 Scalable: realize small, medium and huge projects
- 5 Professional grade materials used
- 6 Waterproof
- 7 UV-proof
- 8 Endures physical stress (double insulated cables)
- 9 Long lasting LED chips

Effects are stored on SD-Card.
Cannot be synchronised.

CONTROLLER BOX WITH SLAVE (8 OUTPUTS)

19025.08

- 37 x 25 x 11 cm
- 230V 5W
- 3,3 kg
- max 8 Smart Power Supplies
- IP65

Up to 255 Slave boxes.
Can be synchronised.

SMART POWER SUPPLY

19022.00

- 16 x 7 x 4 cm
- 230/66V 89W
- 0,8 kg
- max 400 LEDs
- IP65

ADAMLIGHTS RGB 30V

CHOOSE BETWEEN 7 COLORS
FROM THE REMOTE

Similarly to ADAMLIGHTS DYNAMIC WHITE, our RGB line creates a highly regarded RGB functionality while keeping the simplicity of a CLASSIC product line.

Choose between 7 colors from the remote. Add white or colorful flashing effects. Well, why not even full flashing effects. All from one remote.

ADVANTAGES

- 1 Very simple to use
- 2 Possibility to choose between 7 colors from the remote
- 3 Possibility to cycle between different flashing and color changing effects from the remote
- 4 Professional grade materials used
- 5 Waterproof
- 6 UV-proof
- 7 Endures physical stress (double insulated cables)
- 8 Long lasting LED chips
- 9 Connectible, possible to connect max 1500LED in one row

ADAMLIGHTS DYNAMIC WHITE 30V

DYNAMIC WHITE LED SOLUTION INTEGRATED
WARM AND COLD WHITE, CONTROLLED BY A REMOTE

It is our pleasure to introduce a new LED Decolight to the product family: DYNAMIC WHITE LED DECOLIGHT. It is essentially a 230V rubber cable professional stringlight the most essential material in many installations and products. What makes it special is the possibility to choose the color temperature of the string from a remote controller. Moreover, it is possible to have flashing effects and different color temperature changing effects.

ADVANTAGES

- 1 Very simple to use
- 2 Possibility to choose between warm or cold color temperature from the remote
- 3 Possibility to cycle between different flashing effects from the remote
- 4 Professional grade materials used
- 5 Waterproof
- 6 UV-proof
- 7 Endures physical stress (double insulated cables)
- 8 Long lasting LED chips
- 9 Connectible, possible to connect max 1500 LED in one row

Architectural Lighting GOBO PROJECTORS

Adam Decolight's Innovative Product Line features a technology originated from theatre lighting. Profile spotlights or in other words projectors, which are specially developed for outdoor use. The projectors can project any kind of visual still images onto different surfaces. Very high light output discharge lamps grant a crisp image, which will stand out in the cityspace as something interesting.

The image is projected by focusing light through a glass, which has an image printed on it. This piece of glass is called a gobo. By replacing gobo effects, you can replace the whole light design. Designing and producing new gobo effects is very economical way for renewing a light design.

A line of moving effects is also available (water and fire effect, gently falling snow, stars or notes etc.)

GOBO PROJECTOR IMPRESSIVE EVO 1200-2500W

30006.71

-  71,7 x 53 x 36 cm
-  230V 1500-2500W
-  30 kg
-  IP54

Brightness: 50 000 lumens
Lamp type: discharge lamp
Lamp life: ~700 h

GOBO PROJECTOR THOROK LED 700W

30007.71

-  69 x 44 x 47 cm
-  230V 700W
-  20 kg
-  IP65

Brightness: 35 000 lumens
Lamp type: LED
Lamp life: ~30 000 h

PROJECTOR ACCESSORIES

- 30091.71 Pole/Wall Bracket
- 30097.71 Gobo rotator
- 30098.71 Circular image movement mirror
- 30085.00 Replacement lamp for Impressive 2000W
- 30089.00 Replacement mirror for Impressive
- 30099.71 Programmable on/off relay

LENSES

- 30107.00 Wide angle lens 1:1*
- 30108.00 Medium zoom lens 2,6-2:1**
- 30110.00 Tele lens 4,5-3:1
- 30111.00 Ultra tele lens 10-5:1

*Wide angle lens is only to be combined with Medium zoom lens
**Medium zoom lens is included in the price of the projector

GOBO PROJECTORS

MOVING EFFECTS

- 30290.71** Moving effect rotator
- 30270.00** Fire Effect
- 30271.00** Water Effect
- 30281.00** Little Snowflakes
- 30282.00** Classical Stars
- 30283.00** Ornamental Christmas stars
- 30284.00** Jumping reindeers
- 30285.00** Wedding
- 30286.00** Easter themes
- 30287.00** Spring themes
- 30288.00** Summer themes
- 30289.00** Autumn themes

CUSTOM GOBOS

- 30400.00** Black and white
- 30410.00** One color + white
- 30420.00** Two colors + white
- 30430.00** Three colors + white
- 30440.00** Full colors

ARCHITECTURAL LIGHTING

We offer grand seasonal lighting products and projects as well as all-year-round solutions – facades and interiors, 100m houses, 300m towers, bridges and other public spaces.

We have top experience with media facades and wallwashers, LED strips and custom made lighting fixtures.

Adam Lights

DREAMS CRAFTED WITH PRECISION

Explore a diverse range of precisely tailored, custom-made solutions by Adamlights.

“Parisian Dreams illuminated.”

“Lighting up the stage – the groove is glowing!”

“Glimmering Dreams:
streets bathed
in SmartLED lights.”

“Defying gravity,
chasing Dreams.”

INSTALLATION

INSTALLATION GUIDES

Scan or click on the QR-codes for further details on different installation types or download installation guides at www.adam.ee/installation

Install a motif to a streetpole

Install a wire rope over the street

Suspend a motif to a wire rope

Attach a motif to a facade

Install a 3D product on ground

Hang a Curtainlight to a facade

Install garland to a facade

Install a Topper to an X-mas tree

GENERAL POLE MOTIF INSTALLATION

Materials (see ACCESSORIES section)

- 85001.50 Pole mount
2 pcs per motif or
3pcs per motif over 3m
- 58005.50 Metal banding tape
2 strips per one pole mount
- 58006.50 Buckle for banding tape
2 buckles per one pole mount

TOOL:
58009.50 Fixation tool

- ① Fix the hooks from 58001.50 to a motif

- ② Fix the bases of 58001.50 to a pole using metal strip 58005.50 and buckles 58006.50

- ③ Install the motif to a pole, secure all bolts and connect power cable to the power source.

IMPORTANT NOTES

Before installing any garlands, motifs or decorations, please make sure the surfaces that you plan to fix the decors on (walls, poles, trees, constructions etc) are strong and stable enough to hold the items and preserve the safety of people. Make sure to use professional installation materials and tools to get the best results.

We recommend using ADAMLIGHTS mounting hardware and electric accessories for maximum quality and safety of your installation. Please see ACCESSORIES sections for more information. If you need any help with the installation, please contact us for information, advice and professional installation services.
